TEACHROCK

TEACHROCK & THE PROJECT

Stevie Van Zandt and TeachRock are on a mission to help every student discover joy and a sense of purpose by bringing core curriculum to life through music and culture. TeachRock is used by more than 80,000 teachers from coast to coast.

Amplifying Jewish Heritage (AJH) is a project to develop curriculum resources to highlight the pivotal roles Jewish musicians have played in key moments throughout U.S. History.

AJH resources will become an integral part of TeachRock History courses approved in the State of California and will run in dozens of Los Angeles high schools annually as well as nationwide.

Your support will integrate Jewish American figures, perspectives, and historical events within traditional core curriculum US History resources made freely available to all educators at Teachrock.org.
